WINE CUP

Is the first Italian quality wine sold in 100% recyclable PET cup, in single dose solution of 187ml, ready to drink, vacuum-sealed and with a shelf life of 10-12 months. Our project is in collaboration with winery Casa Vinicola BOTTER located in Fossalta di Piave (Italy). We have an annual productive potential of 12 millions pieces and a daily production operative 24 hours a day. We have all the necessary certifications for any type of market. We export the 95% of our turnover and we are constantly in search of partners and importers. We have all the necessary certifications for any type of market, including BRC, IFS and ISO.
